## Menu

## Our Story

Like many memorable nights, the idea of Central Standard Craft Distillery started over a few glasses of craft bourbon. Although we don't take ourselves too seriously, we are serious about our spirits and how they are made. We work hard every day to make this an establishment Milwaukee and Wisconsin can proudly call its own. Driven by the passion to remain close to the community, our grains are sourced within 150 miles of where you are sitting. Central Standard is proud to serve you Milwaukee made spirits and honored you came to support us.

Raise Your Standard
